

Airport meeting June 24, 2019

Attendance: Shaun, Jack, Jim, Dale,

Old business – wheel lines set up and ready. Dirt strip is ready for seeding. Tractor is also ready. It would be nice to add a timer. Hanger build packets are continuing to be worked on.

New business – Committee voted to eliminate “lease approvals” for exiting hangs, having the necessity to go to the airport committee for approval.

The vote was moved on by Jack and seconded by Dale. The vote was in the unanimous in favor.

The SEAT planes are beginning to arrive for the summer. Three more should be arriving soon. New tie-downs are being installed for the seats in the Jet parking area.

TVCC is still waiting for the Oregon VA to get funding for flight school. They have up to 15 new students signed up and some instructors as well.

The Ontario city Council approved testing for a new pavement design for the airport. The new design is getting close to being funded by the FAA. The city is Also extending water and fiber to the airport.

Airport appreciation days are coming. It is important for the city to see the value the airport brings and to get something back from the airport. 100% of earnings will go to support future events. Vendors that will be present selling food and such Will give the city 15% of their sales.

Committee member comments – we should be remove members who do not come to committee meetings from the airport committee.

Motion by Shay to recommended to the city that we enforce our attendance policy as previously approved. Seconded by Shaun. Unanimous vote in the affirmative.
